Fact #1—Polio mainly affects children under age 5.

Fact #2—There is no cure, but polio is preventable with a vaccine.

Fact #3—Only three countries in the world remain endemic.

Fact #4—Rotary and our partners have reduced cases by 99.9% since 1988.

Fact #5—Until we end polio forever, every child is at risk.

Fact #6—There are people in our community, even in our club, who suffered from polio as a child.
