NOON — 12:00
Meeting

March 29,
2022

Keynote

Horticulture Program at Caddo Career & Technology Center

Mary O'Neal, a native of Crowville, LA, is a Louisiana Tech graduate with a major in forestry and wildlife management. She is currently pursuing a Masters in environmental science from LSU.

After working in the insurance profession for a few years, in 2018 she joined the Caddo Parish Public School system as a horticulture instructor at Caddo Career & Technology Center.

Mary and her husband (who is also a teacher in Caddo) live in Shreveport and have two daughters.

Students in the horticulture class assist with school flowerbeds and off campus sites. Topics covered in the course include an overview of career opportunities in horticulture, how to assist with basic landscape design, plant propagation, soil amendments, disease prevention and pest control.
