

**Keynote Rotarians Living With Cancer**

As we all know, there are Rotarian cancer survivors in our club. On Tuesday, we are going to hear from three of them who will talk about their particular type of cancer. We'll hear about their symptoms, discoveries and treatment. They will offer their recommendations on what to watch for and the screening opportunities.

One of our survivors suggested this as a program and the other two who were contacted are glad that they can talk with us about their journeys. You don't want to miss this program!

National Cancer Survivors Day in the U.S. is a secular holiday celebrated on the first Sunday in June. The day is meant to demonstrate that life after a cancer diagnosis can be a reality.
