Keynote

Markets and Trade

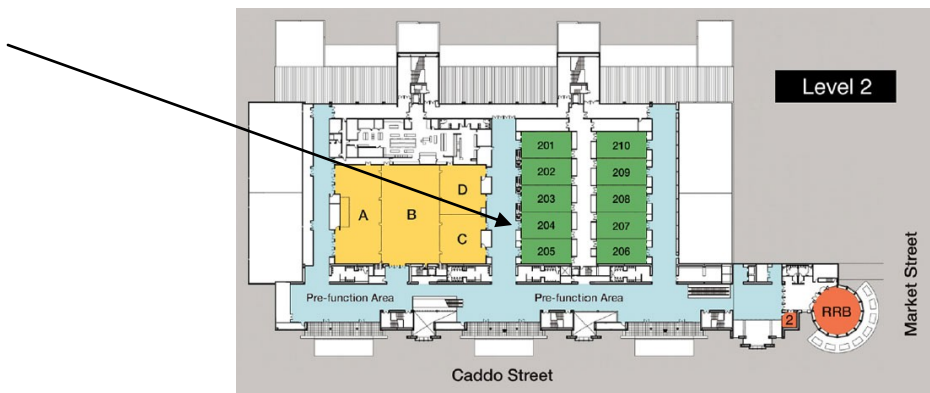

A veteran institutional investor with 14 years of experience managing both debt and equity, **Rick Wedell** was most recently an Executive Vice President, Head of Fixed Income Consumer Investments and Assistant Portfolio Manager at Bain Capital Credit.

He helped to grow the Bain firm to \$30.4bn in assets under management. Rick is a market-tested leader—having managed through the volatile markets of 2001 and 2008 where he experienced first hand the importance of portfolio diversification and the trade offs between risk and return.

Wedell is a Henry Ford Scholar at Stanford Graduate School of Business where he received his MBA. His BA (Magna Cum Laude) in applied mathematics/economics was from Harvard University.
