Keynote

CapLock Honey

CapLock Honey resulted from a hobby of friends Pastor Chuck Pourciau (there's the "Cap") and Judge David Matlock (and there's the "Lock"). They have been hobby beekeepers for 3 1/2 years. They sell bees, honey and hives to people throughout our area.

Judge David Matlock currently serves as Chief Judge of Caddo Parish Juvenile Court, where he has served since 1994. Prior to being elected Judge, he served on the Caddo Parish School Board and practiced law in Shreveport and Austin. A native of Shreveport, David is a graduate of C.E. Byrd High School, LSU-S and Baylor Law School.

He and wife Mary have been married for 35 years, have 4 children and 5 grandchildren.

Dr. Chuck Pourciau serves as Senior Pastor of Broadmoor Baptist Church. He is a native of Baton Rouge, attended LSU but received his B.S. in History from Mississippi College, a Master of Divinity and his Ph.D. in New Testament Studies from New Orleans Baptist Theological Seminary.

Chuck has served at Broadmoor Baptist since 1999. He and wife Tracy have also been married for 35 years and have 2 daughters and 2 grandsons.

Vocational Service

Another advertising sponsor for our upcoming membership roster is Rotarian **George Carroll** who owns **Nautilus IT**. George originally attended a meeting as the guest of Jack Lamb. He became a member in March 2016 and immediately got involved in our blood drive committee. He has already maintained 100% attendance through attending our meetings, out of state meetings and committee involvement. George has provided invaluable help (as you might have noticed last Tuesday) with our A/V issues. He is also the current president of the Experimental Aircraft Association's local chapter. He loves to fly and has just completed the building of his own hangar at the downtown airport.

George started his company **Nautilus IT** over 20 years ago as a result of his teaching computer classes in the college of continuing education at LSUS. Nautilus IT deals with problems and issues that are unique to the small office: QuickBooks latency and backup issues, multi-platform email synchronization, domain utilization (did you know you can own a domain and website, still using gmail?), and pc/server repairs, network issues, etc.

Suggestions from George:

Are you in the cloud? If so, it might be a good idea for you to have two ISP “pipes”. What can happen when one pipe goes down—no phones in your VOIP, no files if your files are in the cloud, no software if your applications are in the cloud. It’s easy to have at least two ISP “pipes” providing internet to a business. Plan well!

George joined Rotary because of the “integrity that it stands for in the community and the important programs it supports. There are great people in Rotary!”

The concept of **Vocational Service** is rooted in the Second Object of Rotary, which calls on Rotarians to “encourage and foster”

- High ethical standards in business and professions
- Recognition of the worthiness of all useful occupations
- The dignifying of each Rotarian’s occupation as an opportunity to serve society.

More Paul Harris Fellow Level Ups

Gene Richardson received his PHF+7 pin last Tuesday. Sponsored by Ralph Segall, Gene joined our club in 1967 and is one of our longest serving Rotarians. He still maintains his 100% attendance. Gene is current the chief plumbing inspector for the City of Shreveport.

Serving the club as a director in 1973-1974 he went on to serve as secretary-treasurer in 1985-1986. After he attended the Rotary International Convention in New Orleans in 2011 he was so impressed and mentioned that he should have been attending all the international conventions he could. By visiting the displays in the House of Friendship he became familiar with the good work of Disaster Aid USA and he now serves as one of the Ambassadors for their program. Gene is co-chair of our 2017 Atlanta Convention promotion.

Our 1990-1991 club president **Bill Reyenga** received his PHF+2 pin Tuesday. Bill was also sponsored by Ralph Segall and joined the club in 1981. He owned Airite A/C and Heating Company which he sold in 1994. He then founded Raytech Industries which he later sold. He received the Bossier City Chamber of Commerce Small Business Award in 1999.

Bill is now retired and plans to attend Rotary more often (when the fish aren't biting).

Grant Match From Rotary District 6190

Last Tuesday, Jeb Breithaupt and Richard Brontoli presented a check for \$4,000 to **Gabriel's Closet**, a Catholic Charities of North Louisiana Program.

Using one of the six Rotary Areas of Focus—*Maternal and Child Health*—President Jeb selected Gabriel's Closet for our application for a matching Rotary District 6190 grant. The district money for these grants is distributed by Rotary International to Rotary districts to assist with local projects with funding coming from our donations to The Rotary Foundation. We received a \$2,000 grant from District 6190 which we matched with \$2,000 from our club. Our club's portion of the funding for this project is derived from our membership dues.

Gabriel's Closet supports low-income, new parents in North Louisiana by providing a no-cost, merit-based "boutique" where new parents can "shop" for items for their baby; attend parenting classes, and experience mentoring by volunteers. With each visit to Gabriel's Closet, the parents are given a children's book and are encouraged to read to their child.

The boutique has items ranging from diapers and wipes, to cribs or pack-n-plays, to car seats, to clothing and hygiene items, and many other new or lightly-used baby goods.

We will also incorporate the District 6190 program "Keeping Kids Safe" by providing ID tags to the parents for use on the car seats and diaper bags/back packs.

(Above) Lucy Medvec and Meg Goorley from Gabriel's Closet accept the check from Jeb Breithaupt and Richard Brontoli.
