Keynote

Shreveport Green

Shreveport Green was founded in 1990 as a joint project of the Shreveport Beautification Foundation and the Shreveport Clean Community Commission, with much of the initial support and encouragement coming from the Shreveport Medical Society.

Currently, Shreveport Green is governed by a board of 24 directors, with the implementation of projects being carried out by a full time staff of four.

Donna Curtis

Donna Curtis has been the executive director for Shreveport Green since it was founded. She grew up in New Orleans and graduated from LSU in speech pathology. After serving as a speech pathologist for eight years while also serving in several volunteer positions, Donna realized that her calling was in environment and community development!

A five-year employee of Shreveport Green, **Emilie Harmeyer** is the director for the organization's Shrevecorps Americorps Program.

She has a Summa Cum Laude B.A. degree in biology from Centenary College and studied sustainability projects in Denmark, Panama, Honduras and Ecuador.

Emilie has volunteered for many years at the annual Red River Clean-Up in November. She is an 2016 Honoree in the Reconciliation Dinner Rising Voice event.

Condolences

Our deepest sympathy to the family of Rotarian Jeff Clark who passed away on Sunday, August 30, 2020.

Visitation will be on Tuesday, September 8 from 4:00 p.m. to 7:00 p.m. at Osborn Funeral Home. A memorial service will be held on Wednesday, September 9 at 1:30 p.m. at St. Mark's Cathedral.

Jeff joined our club in 1996 and was sponsored by his father, Judge James Clark, who was club president at the time. Jeff was a PHF+4 and was a club director in 2014-2015.

Our District Grant

Each year our current club president selects a local non-profit project and applies for a grant from Rotary District 6190 to help with funding.

This year President Laurie Boswell selected the **Betty and Leonard Phillips Deaf Action Center of Louisiana**. During this year the Deaf Action Center will produce a series of six videos in American Sign Language on the following topics: What is Diabetes, Thriving With Diabetes, Nutrition and Diabetes, Fitness and Diabetes, Medications and Diabetes and Info for Medical Professionals.

These videos will be broadcast on the Center's internet television channel (www.ampchannel.tv) and will be made available to over 4,000 deaf and hard of hearing people in North Louisiana and, by virtue of the internet, to an unlimited number of persons in the United States.

Coupled with the \$2,000 grant from Rotary District 6190 and an equal \$2,000 match from our club, we are able to partner with the Deaf Action Center to produce these videos.

The District funds are developed through our donations to The Rotary Foundation as a percentage of our donations are returned to the district for the funding of grants to the clubs. Our club's match is developed through our dues process.

This is just one of the many ways that our club is making an impact locally!

Accepting our \$4,000 check from President Laurie last Tuesday was Dr. David Hylan, Jr. of the Deaf Action Center
